- I. Special Assessment District NO. 01 of 2010 public comments for 30 minutes then closes. The Board makes a decision on the amount of the millage.

Were here to set Special assessment district millage for the 2013-14 year. Last year's millage generated \$403,481. If left at the 1.275 Mills for this year it would generate approximately \$405,303. If moved back up to the 1.375 millage it would generate approximately \$437,091 (an increase of \$31,788). If moved up to 1.45 mills for the year it would generate approximately \$460,933 with an increase of (\$55,630).

Tentative real property tax value \$317,885,029 x the millage rate.

Discussion on millage assessment.

- II. Adjournment
